Dear Ujjwal:

Congratulations on being named a Dakshana Scholar. Dakshana Scholars are a rare breed. Less than 1% of JNV students from across India are accepted as Dakshana Scholars. Dakshana is focused on poverty alleviation, by awarding comprehensive scholarships for JEE/NEET & AIIMS coaching to gifted, but impoverished students. We believe, as a Dakshana Scholar at JNV Bengaluru (Urban), you will be able to concentrate your full attention in preparation for the JEE 2020. A warm welcome to you into the Dakshana family!

The Dakshana Scholarship provides professional coaching for the JEE Advanced by some of the best faculty of JEE training. Dakshana Faculty, responsible for the coaching, are very experienced teachers in their field and have been carefully selected by Dakshana. 100% of costs towards the overall program including costs towards reference books and study material for you are being paid by Dakshana for the entire two years of coaching.

While you have done exceptionally well academically so far, the challenges that lie ahead are formidable. The JEE is rightly known as "the toughest exam in the world." In 2020, about 12,00,000 other students will take the test with you – all vying for approx. 13,000 seats. Tens of thousands of these students are also being coached by coaching institutes. The competition is intense, and you will need a lot of drive, hard work, and perseverance. Once again, you are not alone in your path to achieve your goal. As a future DAAN (Dakshana Alumni Network) member, you will always be a part of the Dakshana family. We stand ready to help in any way and look forward to a lifetime friendship with you.

Dakshana's model is designed to be self-sustaining and scalable. We fully expect that, in the decades ahead, Dakshana will not only be managed, but also predominantly supported by voluntary contributions of time and/or money from alums like you. Please feel free to call me at +91.77091.883333 or email me at spai@dakshana.org if I can be of any service.

Congratulations again! Welcome to the Dakshana family.

Warm Regards,

Ms. Sharmila Pai
